AP STATISTICS

(Reactions and Reflections)

| 1. | Rate how | difficult you t | thought the AP E | xam was: | | | | |
|-----|---|-----------------|------------------|---------------|-----------------------------------|--|--|--|
| | 1 Easy | 2 | 3 | 4 | 5 Difficult | | | |
| 2. | How usefu | ıl was the pra | ctice AP Exam in | preparing you | reparing you for the actual exam? | | | |
| No | 1 † Useful | 2 | 3 | 4 | 5 Very Useful | | | |
| 3. | How useful was the "Topic Review" I gave you? | | | | | | | |
| No | 1 † Useful | 2 | 3 | 4 | 5 Very Useful | | | |
| 4. | How useful were the "Warm-Up Exercises" you received? | | | | | | | |
| Not | 1 † Useful | 2 | 3 | 4 | 5 Very Useful | | | |

5. Which of the following topics did you feel most/least prepared?

| Chapter | Topic(s) | MOST | LEAST |
|---------|--|----------|----------|
| | | Prepared | Prepared |
| 1 | Displaying Distributions with Graphs and Numbers | | |
| 2 | Normal Distributions and Standard Normal Calculations | | |
| 3 | Scatterplots, Correlation and Best-Fit Lines | | |
| 4 | Exponential Regression, Power Regression and Relations in Categorical Data | | |
| 5 | Designing Samples, Experiments, Simulations | | |
| 6 | Probability Models and Rules | | |
| 7 | Random Variables | | |
| 8 | The Binomial and Geometric Distributions | | |
| 9 | Sampling Distributions, Sample Means and Sample Proportions | | |
| 10 | Confidence Intervals, Hypothesis Tests and Inference as Decision | | |
| 11 | Inference for Means | | |
| 12 | Inference for Proportions | | |
| 13 | Chi-Square Goodness of Fit Procedures | | |
| 14 | Inference for Best-Fit Lines | | |

6. What, if anything, did <u>you</u> do to help you prepare for the AP Exam (in the last 2 weeks or during the entire year)?

Write a letter to next year's students telling them what they should expect in AP Statistics and what suggestions you would give them to succeed in the class and/or on the AP Exam:

Dear AP Statistic Student,
